DETAILED ACTION

Response to Amendment

1. The amendments and remarks filed on December 13, 2010 have been fully considered. The 35 USC 102 rejection has been obviated and is thus hereby withdrawn. The amendment has necessitated a new ground of rejection under 35 USC 112 1st paragraph.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 38-40, 51, 52, 68, 69 and 74 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The claims delineate a genus of compounds with the proviso that when E is C2-14 aryl group substituted with one or more hydroxyl groups and A is a phenyl group..." The proviso does not find support in the originally filed disclosure. Further, the newly delineated genus is also not supported by the original disclosure. Appropriate correction is required.

Conclusion

3. Claims 41-48, 53-65, 70 and 71 allowed. Claims 38-40, 51, 52, 68, 69 and 74 remain rejected.

4. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
